DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1,7,8,10 & 11 are rejected under 35 U.S.C. 102(b) as being anticipated by Simmons et al (4,739,580). Simmons discloses a portable table with a platform and comprising: a portable table (10), insulating surface (14), a platform (12) with a bottom (20), a lower vertical wall (11) that extends upward from said bottom, a ledge (15), pivoting legs (64) secured to said platform and furthermore discloses an ice table for maintaining chilled food and consisting of opening for draining melted ice (see figure 1).

Allowable Subject Matter

Claims 2-6 & 9 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
